

Serves In England

SGT. TCH. JOSEPH BULLOCK

Sgt. TCH. Joseph Charles Bullock of Milano figured in the news from the American Red Cross early Wednesday in a release of a story that originated in a United States Army Hospital in England.

St. Bullock was one of a quintette who sang on a special Red Cross program at the hospital somewhere in England. All were Texans and others were Staff Sgt. Glendon Presson, Post; 1st Sgt. Earl Barton, Fort Worth. They sang "It's a Long, Long Way Back to Good Old Texas," and "Let Me Call You Sweetheart."

News about Sgt. Bullock was made available to the Herald by Ray O'Neill who received the story for release.

Sgt. Bullock is in the Medical Corps and was stationed in the Wm. B. Beaumont Hospital in El Paso for some time. He graduated from the Milano High School and attended Sam Houston College for one year before he volunteered for the army.

GIRL SCOUT SUMMER ENCAMPMENT IN JULY

The annual Summer Encampment for the Girl Scouts will be held in the Wilson-Ledbetter Park in Cameron this year, it was announced Wednesday by Mrs. Lottie Bigbee, chairman of the local council.

There will be three encampments, one for each division of the Scouts, Brownies, Intermediates and Seniors. The leaders are: Mrs. W. N. Burns, leader for the Brownies, assisted by Mrs. Lester Williams; Mrs. Norma-gene Wilson, assisted by Miss Lucille Stedman, and Mrs. A. E. Matula assisted by Mrs. Bill Parma, lead the two Intermediate groups. Mrs. Richard Bush, leads the Seniors.

The Senior encampment will be held July 5, 6 and 7. The Intermediate encampment will be held on July 8, 9 and 10 and the Brownies will have their encampment July 12, 13 and 14.

The Scout groups will use the Legion Hut in the park for headquarters. The entertainment facilities of the park will greatly enhance the enjoyment of the encampment. The entertainment program is yet to be worked out. Each group will be chaperoned by the mothers, one to each 8 girls.

The fullest co-operation is asked to make this encampment a success. Anyone who wishes to aid in this program should see Mrs. Bigbee at once.

Robbers Get Five Tires 9 Tubes at Mack's Oil Company

Robbers Monday night made a rich haul at the Mack Oil Company and got away with 5 tires and 9 tubes.

No arrests have been made but officers are working on the case.

Nothing else is missing from the warehouse. The value of the tires and tubes are very high now under war conditions and A. W. McCullin, owner of the company, will take a substantial loss if the merchandise is not recovered.

Bishop Quinn Will Be Here on Sunday

Bishop Clinton S. Quinn of Houston will be in Cameron Sunday, June 6th to hold services at All Saints Episcopal church, it was announced here Tuesday by E. H. Coffield.

Bishop Quinn has many friends here who will be glad to know of his coming visit. He will preach at 11 o'clock hour. All members of the church are urged to attend and the public is cordially invited.

FORMER RESIDENT IS BURIED AT EAST GATE

Funeral services for George Hareck who died at his son's home at Dayton, at 3 a. m. May 26, 1943, were held at St. Ann's Church East Gate, Texas, with Rev. Chas. J. Kune, conducting the service.

Mr. Hareck was born April 22, 1876 in Czechoslovakia. He married and came with his family to America August 15, 1913, and was a resident in Cameron for 30 years. Five children were born to this union, two sons died in infancy. His wife preceded him in death 25 years ago, in October 1918.

He is survived by three sons, Frank of Dayton, Anton who is in the U. S. Army, stationed in Hawaii, Jerry of Cincinnati, Ohio, who is in brotherhood school and two grand children. For the past five months he made his home with his son Frank, in Dayton.

Mr. Hareck died from a heart attack. He had not been ill but had been in declining health for six months. News of his death brought shock and sorrow to many friends in the community and in Cameron as well.

Interment was made in the East Gate cemetery with the Dayton Funeral Home directing the funeral arrangements.

In North Africa

PVT. JOHN EANES

Pvt. John Eanes, military policeman, is somewhere in North Africa and in a letter to his friend, Dan Tyson, City Secretary and Treasurer, he said he is doing fine but wants to come back to Cameron and see his many friends.

Pvt. Eanes was Deputy City Marshal under the late Gene Smith and was Fire Chief in Cameron when he was inducted into the army. He was immediately assigned to the military police and has been under the Provost Marshal since he entered service.

Pvt. Eanes was reared in Cameron and had been a member of the city police force for a number of years before entering the service. He is one of a number of Cameron boys in North Africa.

COAL INDUSTRY TIED UP BY BIG WALKOUT

The nation's soft coal mines were idle Tuesday as miners in all the areas controlled by the CIO walked out in a strike the President said would be against the government.

John L. Lewis and mine operators were deadlocked in their negotiations over a wage dispute.

Neither the President nor Harold L. Ickes, Secretary of the Interior, had anything to say.

It was regarded by some as a show down. It may be nothing of the sort but just a little shadow boxing. Lewis has twice proclaimed a truce and may do so again.

The political complexion is such it would be a hard and unexpected decision if the President really got tough as the American people long since have concluded he should. If troops are sent to the mines coal may have to be got out by inexperienced workers.

The politicians will find some way out to save all faces.

CAMP IS HONORED

Emory B. Camp, civic leader, has been named a member of the Community Service Committee for the East Texas Chamber of Commerce, it was announced by P. B. Doty of Beaumont, newly elected President of the regional body.

With Military Police

PFC. ALBYN S. SIMECEK

Pfc. Albyn S. Simecek is stationed at Lowery Field, Denver, Colorado, and serves under the Provost Marshal with a company of Military Police.

Like two other brothers of the family, he is a volunteer. He is the son of Mr. and Mrs. Chas. P. Simecek, Sr., of Cameron, and was born and reared in Milam county.

He is the third son to enter service. One brother, Pvt. Alfred A. Simecek, is missing in action. He was an anti-aircraft gunner on Corregidor Island when the Japs captured the stronghold. He has not been heard from since. On May 7th the family here received word from the Secretary of War that the department was unable to obtain information.

Sgt. Chas. P. Simecek, Jr., is with the 3rd Engineers in the Hawaiian Islands.

The Simecek family has an unusual record. Two sisters and one son-in-law are serving also. Julia Simecek is in the air corps and learning to fly at San Antonio. Her husband is also in service. Martha Simecek, is an army nurse and commissioned officer.

HERMAN F. STOEGBNER PIONEER, IS DEAD

Herman Friedrich Stoebner, 81, pioneer, who came to Texas from Germany when he was 18 years of age, died at his home in Cameron at 1:30 a. m. Tuesday, June 1, 1943.

Funeral services will be held from the Green Funeral Home in Cameron at 2 p. m. Wednesday June 2, 1943, and at 2:30 p. m. at the Lutheran Church in Burlington. Rev. R. Kalkbrenner, pastor of the Vogelsang Lutheran Church, will conduct the services, assisted by Rev. Wolf of Waco.

Mr. Stoebner has been in ill health for the past 6 months. During recent weeks he had been critical of health and while his death was a shock to many, it was known that his condition was grave and slight hope was had that he might be restored to health again.

Mr. Stoebner was born in Posan, Germany, in 1862. When he was 18 years of age he came to Texas with his parents. They made their home at Manor, Texas. On September 26, 1885, he was married to Miss Emilia Hohertz. Four sons and three daughters survive as follows: John Stoebner of Luckholls, Fritz Stoebner of Burlington, William Stoebner of Burlington and Adolph Stoebner of Travis in Falls county, Mrs. Arthur Lange of Corpus Christi, Mrs. Robt. Lange of Cameron and Mrs. Walter Senkel of Maysfield.

Two sons preceded him in death, Herman, aged 6 months and Walter, aged 30 years. Surviving also are 22 grand children and 11 great grand children.

Interment will be made in the Lutheran cemetery at Burlington following the services at the Burlington Lutheran church. The Green Funeral Home in Cameron will direct arrangements.

THOMAS BRASHEAR HOME

Thomas Brashear, second class seaman, and stationed at Camp Parks, Calif., is home on a furlough. He will return to his naval assignment on June 6. Brashear is a volunteer in the navy and is attached to the medical corps and has an assignment in the service he was with the Schiller Drug store in Cameron.

Seaman Brashear is the son of Mr. and Mrs. Womack Brashear.

Miss Lois Randolph received her degree from San Marcos college on May 28th.

COAL STRIKE SERIOUS HOME FRONT SETBACK

The nation's coal strike was regarded Wednesday as a major setback for the home front.

Every since organized labor was given a hand in the government by Roosevelt, strikes have seriously affected the home front. Now that war has come on they are too harmful to tolerate.

It was said in Washington Wednesday that the next move in the strike is up to the President.

When the last show down came he summoned Harold Ickes, the Secretary of the Interior. Now the miners have struck against the government and won't mind Mr. Ickes.

What the next move will be was anybody's guess. Maybe another administrator.

John L. Lewis has said he will accept \$1.50 per day pay increase for the miners. Both the government and the mine owners may be judged guilty to some extent. The miners no doubt are entitled to a contract. The government and the mine owners will finally give what the miners demand. Why all the pretense? In this war we must pay.

The war was just a side issue. Washington continues to be the scene of battle.

The Allies were blasting away at Sicily and Sardinia and the fleet has joined the bombardment of the Islands.

Destruction of German submarines was reported on the upgrade in a day of little news.

The Chinese were advancing in Burma.

MRS. FRANCES M. TUTTLE DIES HERE EARLY FRIDAY

Mrs. Frances M. Tuttle, 82, died in a local hospital at 1 a. m. Friday, May 28, 1943.

Mrs. Tuttle had been gravely ill for some time. Her death occurred at an early hour Friday and was not generally known until later in the morning. While her condition was serious the people here were not prepared for the news of her death which came with great sorrow to many.

She was a sister of Mrs. N. H. Butts of Cameron. Surviving children are Mrs. James W. Palm of Austin; Mrs. Lillian Tuttle West of Sulphur Springs; Dr. Tom H. Tuttle, a professor in Linfield College at McMinnville, Oregon, and one grand daughter, Miss James Frances Palm, a Red Cross nurse stationed in Iceland and a Second Lieutenant.

Nelson Tuttle, late husband of the deceased died in 1901. They were married in 1878 at Maysfield.

Mrs. Tuttle was born at Glossland, Alabama and came to Texas when she was 9 years old.

Funeral services will be held from the Marek-Burns Funeral Home at 2 o'clock Saturday, May 29, 1943, conducted by Rev. C. W. Sanders, pastor, First Baptist Church. Interment will be made in Oak Hill Cemetery.

First Magazines Are In For Men in Camps

The first gift of magazines for men in the army camps were sent to the Herald this week by Mr. and Mrs. R. H. McIntosh of Cameron.

An appeal was made some time ago for magazines and the American Legion announced that the Post would see to the mailing of these magazines.

Mr. McIntosh includes a large number of popular magazines such as Readers Digest. Once shared is twice enjoyed and the boys are looking forward to getting these periodicals.

If you have any magazines please bring them. Letters are coming in from lonely boys far away from home who have much time to read. Surely you can do this much for them. The American Legion, greatest of all our national organizations, is doing its share.

Pvt. Richard Jones from Camp Hood, is in the Newton Memorial Hospital recovering from a head injury sustained when he fell from an army truck which was moving at 30 miles per hour. Pvt. Jones was a member of the scrap metal crew which gathered more than one million pounds of scrap metal in Milam county. Friends here will be glad to know he is improving.

Air Corps Instructor

STAFF SGT.

CHASLEY BIRKELBACK

Staff Sgt. Chasley Birkelback has been a resident program in the army at Fort Belvoir, Illinois now an instructor in advanced armament and stationed at Fort Belvoir, Colorado.

Staff Sgt. Birkelback, before becoming a volunteer in armament was an instructor in chemical warfare and he graduated from this school at the head of his class.

Staff Sgt. Birkelback is a graduate of The High School in Cameron and attended Southwestern University for one year. From Georgetown he went to Elmhurst College in Chicago and was in that college when he volunteered for the air corps. He is 22 years old and the son of Mr. and Mrs. R. H. Birkelback of Jones Prairie. He has been home on furlough once since entering the service.

THEY SAY HOUR IS NEAR WHEN WE STRIKE

British newspapers Saturday were making free play of a story in speculation that an invasion of the continent is imminent.

So certain are these publication sources that the Allies will attack Germany that time limits are placed upon the invasion hour.

Whether this is a war of nerves cannot at this moment be decided. Regardless of this fact, however, there was every indication that both Germany and Italy were making feverish preparation for defense.

Displacements of some 200 divisions of German fighting men were reported made at strategic points in western and southern Europe.

All use of waters around the Norwegian coast has been denied to small boats.

If the invasion comes it would follow as logical the ten day air attacks upon the continent during which time German and Italian industries have been pulverized.

From Italy radio announcement said that the United States is planning an immediate invasion of Italy. "They are coming—the Marines, in thousands of barge boats," said the report. When the United States Marines land it's time to have jitter.

It is inconceivable that the United States and Britain would stand back and see a third summer attack by Hitler upon Russia without going in. For this reason alone there seems some likelihood for an attack this summer.

The air attacks are going ahead over the continent. From the Mediterranean Italy is being pounded mercilessly. No bombs have fallen upon Rome as yet.

There was a complete blackout on all other fronts.

\$5 For Cigarette Fund Sent From Central America

W. D. Bigbee, engineer now engaged on government construction in Central America, has sent Emmet Streetman a check for \$5 for the Legion Cigarette fund.

Mr. Bigbee plans to return home soon. Recently he sent \$25 for the American Red Cross to Dr. James Watson. He knows what the Red Cross is doing in the countries he has worked in.

Mr. Streetman said only a small amount had been received on the \$150 needed for the cigarette fund. If this amount is raised the tobacco company will make a substantial donation in cigarettes.

If you haven't contributed do so at once. You may have your subscriptions at the Herald also.

NEW BRIDGE MAY BE BUILT THIS YEAR

The new bridge across Little River may be built this year or at the most finished before the end of the war.

Senator Kyle Vick of Waco, in a letter to the Herald, said there is a very good prospect that the bridge can be built. Contract for the piers was let last winter.

Senator Vick has made the bridge his No. 1 demand at Austin and has a little time urging the highway commission. He simply won't take no for an answer, he says. The people here are grateful to Senator Vick for his successful work on this bridge.

State Superintendent Woods to Address Class At Buckholts June 4

State Superintendent L. A. Woods will address the graduating class at Buckholts high school on Friday night, June 4.

Mrs. Coy C. Arledge, teacher in the school there, has prepared copy for the program on that date and the name of the State Superintendent appears for the address to the graduates.

There are 15 graduates this year, a class smaller in number than for previous years, due to war conditions and loss of students from the school.

Sheriff Valter White Now Corporal; Reads Midget in Washington

Corp. Valter White has been transferred from Paris, Texas, to Fort Lawton, near Seattle, Washington.

His promotion to Corporal was announced here Monday by Sheriff Sarah White, named to succeed her husband when the army called the sheriff to the colors.

Corp. White serves under the Provost Marshal in the Military Police. He has made good progress and many friends here will be happy to have this word about him.

Corp. White serves under the Provost Marshal in the Military Police. He has made good progress and many friends here will be happy to have this word about him.

Jap Money is Brought Back by J. L. Horton From Guadalcanal

Japanese currency, printed for distribution in the conquered countries, has found way back to Milam county.

Five denominations of the currency were brought to the Herald last week by J. L. Horton, Sr., who resides south of Cameron. The bills were obtained by J. L. Horton, Jr., from a Marine off Guadalcanal.

The currency was taken from a Jap, but not a live one, Mr. Horton said significantly.

Mr. and Mrs. Horton lost their son, Demmie Horton when the Japs attacked Pearl Harbor. Another son is in the navy and stationed at Corpus Christi.

The currency, all small bills, save one, were printed in Japan. One is on the Bank of Indo China and is in French. The Japs prepared for currency circulation in every country they conquered as evidenced by these bills. They will be on display at the Herald plant.

Near 6 lb. Turnip is Brought to Herald

A purple top turnip weighting almost 6 pounds was brought to the Herald last week by Earnest Johnson of Rockdale.

The turnip, bruised, deteriorated rapidly and was disposed of. It was raised on the Perry farm in the Tracy Community. The actual weight was 5 pounds and 13 ounces.

3.22 Inches Rain Falls Over Week End; Worth Millions

Rain over the week end amounted to 3.22 inches according to the report of R. W. Hester, government reporter in Cameron.

The rainfall occurred over a period of some 48 hours. On Friday 27 inches fell and on Saturday 1.53 while Sunday the fall was 1.42.

The benefit was totaled here Monday in millions for Milam county and adjoining counties.

The river was up 13 feet Monday. No overflow is expected.

Personal Mention

INSURANCE

The Verdict of the Years is Satisfaction

"TIME TRIED AND FIRE TESTED"

Insurance is not an Expense—It is an Investment in Security!

"Please limit your
call to 5 minutes.
Others are waiting"

Many Long Distance calls go through about as fast as ever.

But sometimes there's an extra-heavy rush on certain circuits—especially to war-busy places.

Whenever that happens, the operator will ask you to limit your Long Distance calls to 5 minutes.

The idea is to give everybody a fair share of the wires. That gets to be more and more important every day.

SOUTHWESTERN BELL TELEPHONE CO.

Better Distribution

The Herald's circulation is at an all time high.

Giving effective distribution to your message is more nearly possible than through any other Cameron or Milam county medium.

In planning your campaign make provision for a liberal schedule with The Herald. Merchandising is made difficult by the existence of unusual market factors.

There is ample money circulation but a scarcity of goods. Still the merchant who goes after business by using modern methods will get ahead in the volume necessary to offset war conditions.

Let us help you with your advertising budget

The Herald

LONDON HEARS REVOLT AMONG WORKERS

Financial circles in London today were said impressed with reports that Italy is about to collapse and ask for a separate peace and that revolt has broken out among workers in Italian war plants.

Responsible London sources were said inclined to credit the reports as somewhat true due to the plight in which Italy has fallen because of the collapse of her empire and devastating air attacks by United Nations airmen.

Thursday the bombings had increased in intensity. Warnings were again issued to the Italian people to get out of the war or expect the consequences of an all out air attack on the mainland. This might include some of the larger cities of Italy but not Rome.

The question of bombings of open cities was brought up in the House of Commons Thursday. Clement Atlee said nothing will swerve the Allies from day and night air attacks on Germany and Italy and refused to concede there had been any bombing of other than military objectives.

Now that the bombings have come back to the Germans and Italians "sources" in London and even Rome are deploring the killing of civilians. During the heyday of the German Luftwaffe some 60 thousand British civilians were killed. Count Ciano, Mussolini's son in law wrote a book on how the Italian air force bombed the defenseless peoples of Ethiopia. He described with relish the tearing of human bodies with bombs.

Now that we are bombing the criminals who first started the bombing of women and children the world is supposed to be shocked. Mr. Atlee is entirely right and if the politicians can be bombed out of the picture Germany and Italy will pay for their crimes.

The air war in the Mediterranean had accounted for 362 Axis planes destroyed in the past 8 days. Our losses were said 25 planes.

Sicily and Sardinia were taking heavy blastings Thursday and 5 Axis ships were sent to the bottom by bombs.

Secretary of War Stimson said early today that less than 700 dead and wounded and missing is the toll on our forces in the battle for Attu. More progress is being made there.

Korean consular representative Haan now in Washington and who warned the United States of the attack on Pearl Harbor two months before it came has again warned that the Japs plan an invasion of this country this summer. A separate peace with China is the first step,

said Haan.

Peace talk to diplomats and politicians is a vice as enslaving as opium. If the enemy could arrange some talks an invasion might be successful.

The Chinese have checked a Japanese advance in the Chungking area.

New violent air and land fighting has again broken out on the Russian front.

It was believed Hitler may be getting ready for another offensive against Russia.

75,000 NIPS ROUTED IN CHUNGKING VALLEY

A major defeat, said Tuesday to have been the worst suffered by the Japanese since their invasion of China, was scored by veteran Chinese troops in a valley on the approaches to Chungking Monday.

A noon broadcast said that some 75,000 Japanese troops had been trapped and slaughtered in a valley where American airmen played a big part in the battle. The forces not slain were running in wild disorder, said the dispatch.

The news was good and the first to come out of China in some time. The Japs have been making some progress and fears were expressed the armies of China might be in desperate circumstances.

The full magnitude of the defeat, said the Chinese, is yet to be revealed and brought home to the Japs.

The news of the defeat of the Japs in China was adding up to optimistic reports from all fronts.

A German broadcast, first heard 3 days ago, cropped up in United Nations news again Tuesday when a big scale naval operation was reported at Gibraltar. Large numbers of ships, including battle ships and aircraft carriers were reported in the concentration.

The Italian mainland has been hit and hit hard by Americans sweeping in from North African bases. A number of the Italian towns have been obliterated on the mainland of Italy.

German planes were over London Tuesday in a small scale raid.

The Reds have beaten off 2 strong Nazi attacks on the Donets front. This may indicate an offensive by the Germans.

In the South Pacific General MacArthur's men dropped 36 tons of bombs on Lae in New Guinea.

Charlie Matzig has returned home from the Newton Memorial Hospital following a remarkable recovery from a broken neck, which he sustained several weeks ago.

COMMUNITY CANNING PLANT IS SUCCEEDING

Cameron's Community Canning Plant, sponsored by the Chamber of Commerce and under direction of the Civic Improvements Committee of which J. Albert Young is chairman, was getting away to a good start with 517 cans of food already processed.

The project is being sponsored with funds obtained from the Federal Government and partly by funds raised locally through the Chamber of Commerce.

On April 1st the Chamber of Commerce sent out questionnaires asking suggestions on what the Chamber of Commerce should do for the coming year. These papers were referred to committee chairmen. Several suggested the operation of a community canning project which is now in operation under the supervision of the Civic Improvement

Committee with Miss Abia Pierce as supervisor. The project went into operation on May 19 and is open to use to everyone who has surplus garden produce to can.

At first there was some misunderstanding when some brought foods to be processed without knowing they have to prepare them. The supervisor cannot prepare your foods. This you must do yourself.

In order to use the facilities of the canning plant, housed in the old grammar school building you must make an appointment by calling Miss Pierce at 509-W at night or at the grammar school in day time phone 500.

Each canner must supply his own produce and do the canning and Miss Pierce only supervises the work. There is no charge for the supervision or the use of the canning equipment. Each canner must bring his own cans, knives and cap towels.

The committee is composed as follows: J. Albert Young, chairman; J. R. Hays, Richard Bush, August Horstmann and R. W. Hester.

Mrs. Jim Hartley of Hanover transacted business in Cameron Wednesday.

L. W. Marek of Jones Prairie was a Cameron visitor Wednesday.

Mead Miller, with the Texas Liquor Control Board, was in Cameron Monday.

Emil Poldan of Buckholts made a business trip to Cameron Monday.

J. O. MITCHELL
Phone 18.
Buckholts, Texas.

All fruits and tomatoes, and tomato mixtures containing at least 50 per cent tomatoes, may be processed by the oven method. However, Lone Star's Home Economics Director, Albertine Berry, does not recommend this method unless the heat of the oven can be accurately controlled and maintained, because a constant, even temperature is most important. In oven canning, follow these steps:

1. Be sure that the oven heat can be accurately controlled.
2. Preheat and maintain oven temperature at 250 degrees, making sure that temperature does not build up during the processing time.
3. Use only tempered jars and check them to see that none are cracked or nicked around the rim.
4. Count processing time from the time oven door is closed. In filling jar, have at least one-half inch headroom at top.
5. In removing from the oven, be careful that cold air does not strike the hot jars. Place them on several thicknesses of towel out of drafts until they have cooled to prevent breakage.
6. Complete seal immediately upon removing jars from oven if necessary.

TEXACO COUPON BOOKS—A great convenience—saves carrying money for gas and oils, etc.—makes keeping record for tax purposes easy. Buy in \$10 books from Texaco dealers, of Bulk station offices Rockdale and Cameron. 26-4tr

SUSTEK-VANSA

Miss Delia Sustek became the bride of Louis Vansa in a double ring ceremony at St. Monica's Catholic Church, Monday, May 24, at 8:30. The ceremony was performed by Rev. Father Duda, pastor of the church. The bride was beautifully dressed in a floor length slipper satin gown and a finger tip veil and carried a bouquet of white gladiolas tied with a pretty white ribbon and wore a gold locket.

The maid of honor was Miss Angeline Vrazel dressed in pink georgette floor length gown, her best man was Jerry Kopriva. Other bride maids were: Millie Macek who wore blue taffeta floor length dress and with Joe Janicek, Mary Zalesky wore yellow organdy floor length dress and with Julius Tepera, Tony Vansa niece of the groom wore blue satin floor length dress and with Anton Vrazel, nephew of the bride.

After church a dinner was served at the home of the bride to about 40 friends and relatives. One of the guests was Father Duda.

The bride received many beautiful gifts for which she thanked each and everyone. After the dinner a dance was enjoyed by everyone.

RAINFALL GOOD

Rainfall here Friday and Saturday was almost 2 inches according to R. W. Hester, local weather observer for the government. On Friday .27 of rain fell here and from midnight Saturday to 1 p. m. 1.68 fell.

Indications were that more rain would fall here during the night. The total to 1 p. m. was 1.95.

Lois Aovis underwent an appendicitis operation last Friday morning at the Cameron hospital. Lois is resting nicely.

Victory Council is Part of Human Chain In War Time Work

The Milam County Victory Council is a part of the huge "human chain system of communication" set up by the A & M College Extension Service to receive and to transmit information. The links in this county chain are 78 Community Victory Leaders and 363 Neighborhood Victory Leaders.

The Clarkson Community with Mr. and Mrs. W. W. Cox as Community Leaders, and Mrs. Gus Jahns, Gus Pimplar, Mrs. Fred Lambert, Miss Nora Kohring, John Matyastik and Mrs. John Blasienz have served to bring important information to the 90 families within their boundaries.

When sugar rationing began in 1942, Mr. Cox arranged with the ration board to take applications for canning sugar in the community. Neighborhood leaders helped in this work, saving the time, tires and gasoline of people needing the sugar and speeding up the work of issuing the sugar certificates.

In co-operation with the scrap drive, the leaders set a day for all scrap to be brought to a central place. These leaders contacted all families with instructions regarding scrap. When a second drive was conducted, they again co-operated, but the first drive had been so successful that little was found.

Victory leaders again saw every family with the "share the meat" program and received a 100 per cent assurance of co-operation.

The community leaders then arranged for a community meeting for a demonstration by the County Home Demonstration Agent on meat alternates.

Recently the Red Cross drive was conducted through the council and the Clarkson quota was over subscribed.

METHODIST CHURCH NEWS

Cameron Methodist Parish, announcements for Sunday, June 6:

Ben Arnold—Sunday School at 10 a. m. Public Worship at 3 p. m.

Liberty—Sunday School at 10 a. m. Maysfield—Sunday School at 10 a. m. Public Worship at 11 a. m. and 8:45 p. m., Rev. S. B. Smith preaching. Young People's League at 8:15 p. m.

Minerva—Public Worship at 9:30 a. m., Rev. B. L. Pool preaching. Sunday School at 10:30 a. m. League at 8 p. m.

Cameron—Preaching at 11 a. m. and 8 p. m. by the pastor, and Holy Communion both services.

Miss Johnnie Ruth Mills of Cameron spent the week end with her sister Mrs. Ruby Miller of Liberty.

Johnnie Ruth Mills of Cameron spent a few days with her sister at Milano.

Mrs. Arthur Lange and son Bobby of Corpus Christi are visiting in the home of her parents, Mr. and Mrs. H. Stoebner of Cameron. She has come to be with her father who has been ill for some time.

CLARKSON HOME DEMONSTRATION NEWS

Clarkson Home Demonstration Club met at 2 p. m. May 27th in the home of Mrs. Fred Lambert with 11 members and one visitor present. House was called to order by president. After routine business was attended to, the meeting was turned over to Miss Porter, our agent, who gave a discussion on poultry disease.

The biggest factor in poultry disease control is sanitation. These are only a few general rules. Cleaning the poultry house every week. Washing the brooder house with lye water before putting in the baby chicks. Cleaning the water troughs one a day—better twice. Feeding the grain in hoppers instead of on the ground. Keeping young birds separated from old ones. Clean ground—new ground or plowed ground.

Another big mistake in poultry raising is over crowding. Baby chicks should have 1 square foot of floor space for every two chicks. The poultry house should provide 2 1-2 feet of space for each hen. Chicks need nine feet feeder space for every 100 chicks. Hens need one foot of feeder space for every five hens. Have one good water vessel, bucket is best, for each 40 hens.

One way to help the protein feed shortage is to provide green feed all the year—every day in the year.

The old saying an ounce of prevention is worth a pound of cure, goes for poultry raisers too.

With good sanitation, feeding and correctly ventilated houses you won't have too many sick chickens.

This is how much feed is needed to produce broilers and pullets. For 300 chicks—600 pounds starting mash. 1600 pounds growing mash to broiler age, and 600 pounds grain. After cockerels are sold, remaining pullets need 800 pounds growing mash and 800 pounds of grain.

Nora Kohring, Reporter.

Miss Bettye Marek has returned to her home at Meeks from the Newton Memorial Hospital where she has been under treatment and is much improved.

Elmer C. Gunn and family of San Marcos visited in the home of his parents, Judge and Mrs. Ed Gunn over the week end.

Jesse Wise of Maysfield was a Cameron visitor Saturday.

Mr. and Mrs. Roy Newton and son Bob of Maysfield were Cameron visitors Monday.

From where I sit...

by Joe Marsh

Pete Swanson fancies himself as an armchair strategist. Sometimes he gets so tangled up, I just can't resist tryin' to straighten him out.

For instance, the other day he was waxing indignant about our soldiers being allowed to buy beer right in camp. Said that was just coddling the troops and would ruin discipline.

I told him the actual facts had already been established by a study the Government made. Their report said chaplains and

the military police agree that instead of ruining discipline, 3.2 beer sold in Army camps provides our soldiers with a mild form of relaxation without impairing their efficiency.

Well, Pete allowed that the chaplains and military police are a pretty good authority on what's right for soldiers. I've noticed lately he's been confining his remarks to the broader phases of strategy.

"Tarzan Triumphs" Opens at Cameron Theatre Thursday

Combining the thrills of modern warfare and the hazardous existence of the jungle into one film, producer Sol Lesser introduces an explosive story as the basis of the new film, starring Johnny Weissmuller, "Tarzan Triumphs," opening at the Cameron Theatre Thursday.

The famous Edgar Rice Burroughs character has added worries when he encounters for the first time the complexities of the present day war. German parachutists invade the jungle to startle Tarzan, who is a peace-loving man, and he is slow to realize their intentions until appeasement doesn't work with the Nazis. It is then that he makes war, bringing a rousing story of many climaxes to the screen.

For the first time in many years, Weissmuller is provided with a new leading lady with the assignment of the beautiful Frances Gifford. Her appointment to the part came about as no mere incident. Producer Lesser spent weeks searching for an actress to portray the role of "Zandra," a jungle princess, whose people are enslaved by invaders.

To be beautiful was one requisite for the role, and to be a capable thespian was another. The interpretation also called for the young lady to be of athletic inclination to keep up with the star in his various daredevil routines. Thirty candidates were tested for the role, and oddly enough Miss Gifford was the last of the group.

Draped in a revealing costume, called a "Zandrape" because worn by "Zandra," the heroine went before the cameras to meet with real life thrills almost as true as those pictured on the screen. Her life was saved by a falling arc lamp. . . . She She dropped from a short precipice in a scene, and her toe was stepped upon by an elephant. By all means, claimed the actress, it was by far the most eventful time of her life.

Johnny Sheffield, who has been seen before as Tarzan, Jr., resumes his role again with the famous chimpanzee, Cheta, that is part of the inseparable Tarzan family.

Villians are many in "Tarzan Triumphs," RKO Radio picture. Some of the most hated men of filmdom including Stanley Ridges, Rex Williams and Sig Ruman portray Nazi soldiers. Stanley Brown and Pedro de Cordoba play sympathetic members of the cast.

CHRISTIAN SCIENCE SERVICES

"God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 6.

The Golden Text is: "Whatsoever God doeth, it shall be for ever: nothing can be put to it nor any thing taken from it" (Ecclesiastes 3:14.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Works of the Lord are great, sought out of all them that have pleasure therein. . . . He hath made his wonderful works to be remembered: the Lord is gracious and full of compassion" (Psalm 111:2, 4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God" (page 275.)

Linda G. Kornegay of Gause has completed her boot training in the WAVES and reported for further training as aviation machinist mate at the Memphis Training Center, the Navy announced today. Miss Kornegay previously was employed by the Civil Service at Duncan Field.

"Air Force" Story Of the Heroic First Effort in War

The life story of a Flying Fortress is the theme of the new Warner Bros. film, "Air Force," which opens at the Cameron Theatre Sunday.

Produced with the co-operation of the United States Government, the story is concerned with the trials and tribulations of one "Mary Ann," a B-17, caught unprepared above the embattled waters of the South Pacific during the treacherous attack on that fateful December 7th.

Starting when the "Mary Ann" and its crew of nine leave on a peacetime mission to Honolulu, the story tells of the emergency landing when the crew learns of the attack in Pearl Harbor. With their destination Wake Island, they arrive there only to learn that they must take off at once for Manila. Encountering difficulties on the way, they make a hazardous landing at Clark Field, where they are attacked while loading ammunition. It is the battle of the Coral Sea that is responsible for the end of the "Mary Ann," but not until she is safely landed on Australian territory.

Except for a couple of incidental roles, the cast of "Air Force" is composed of the bomber's crew, featuring John Garfield, Gig Young, Harry Carey, George Tobias, Arthur Kennedy, James Brown, John Ridgely, Ray Montgomery and Ward Wood.

"Air Force" was directed by Howard Hawks from a screen play by Dudley Nichols. It is a Hal B. Wallis production.

CARD OF THANKS

Our gratitude to each of you who came to us during the time of our great bereavement, prompts us to take this means so that all may know how dearly we treasure your kindness. The death of our mother, Mrs. Josephine Vrazel has brought to our lives a sorrow too heavy to bear and we thank those who helped us. We are especially grateful to Father Ben Holeb and for the flowers sent as expressions of sympathy and for each word and act of kindness.

Henry Vrazel and Children.

Mrs. John Skelton of Val Verde School was in Cameron Saturday.

Mrs. Sarah Shelton and Mrs. Louise Gersbach of Friendship were Cameron visitor Saturday.

SHOWER

Among the many courtesies being extended Miss Mary Ruth Porter, whose marriage to Paul Pryor of Waco, will take place June 3rd, was a bridal shower of China and crystal Saturday afternoon, with Mrs. Mary Harris and Mrs. Conway Anderson as hostesses, at the home of Mrs. Anderson. Mrs. Harris greeted the guests at the door and Mrs. Lewis Tindall had charge of the guest book. Miss Madeline Drury directed guests to the receiving line, composed of Mrs. Anderson, Miss Porter, Mrs. Paul Porter, Mrs. P. J. Pryor of Waco, Miss Mary Randolph of Cameron and Mrs. Roy Yates of Branchville. Miss Inez Polk escorted guests to the dining room where the gifts of China and crystal were displayed. The table, with a complete service for eight was laid with a handsome cut work and lace cloth, and held as its center adornment an oblong crystal bowl with white gladioli, huge daisies and white babybreath. The bowl was placed on a reflector and white tapers completed the all-white arrangement. Smaller tables in the room held additional gifts of crystal. Mingling with the guests in the dining room were Miss Louise Burnett, Mrs. Albert Judkins, Mrs. Cliff Weise and Mrs. Earl White.

Refreshments of punch, sandwiches and cookies were served in the sun room of Mrs. Jack Allen, Mrs. W. T. Anderson and little Eddie Lou Tindall. Living room was decorated profusely with bowls of yellow daisies and pink gladioli.

About 60 ladies called during the afternoon.

Out of town guests were: E. J. Fasley of Austin, Mrs. Walter Henson, Mrs. Roy Yates, Mrs. Raymond Yates, Mrs. White McClenny, and Mrs. Walter Bailey of Branchville, Mrs. Sherwood Cobb of Maysfield, Mrs. E. J. Fasley of Austin, Mrs. P. J. Pryor of Waco, Mrs. Rosa Lee Robertson and Miss Mary Randolph of Cameron.

CARD OF THANKS

We sincerely appreciate the many kindnesses shown our dear mother, Mrs. Frances M. Tuttle, during her recent illness. The many thoughtful deeds of the people of Cameron during, and after, her illness will always have a place in our hearts.

Mr. and Mrs. Jas. W. Palm.
Mrs. Lillian Tuttle Vest.
Dr. Tom H. Tuttle.

HOYTE CLUB

The Hoyte Home Demonstration club met May 5th, at the club house with thirteen members and Miss Porter present.

At this meeting Mrs. Ed Gunn and Mrs. Carl Rose were welcomed into the club as new members. Other new members joining since January are: Miss Frank Hanel, Miss Winifred Bickett and Mrs. C. Hall. The Hoyte Club has a membership drive on and hope to have twenty five active members by September.

Miss Porter gave a demonstration on cheese making. Neufchâtel or cream cheese is easily made and can be used immediately. Cooked cheese should be kept from five to eight days to allow blending of flavors and ripening. Since points are required to purchase cheese, more cheese may be made at home on the farms thereby allowing more cheese for those in town.

The Hoyte Club now has a two room club house near the Lamkin Store. The use of this house for a club house has been generously donated by Mr. Sealy Lamkin. The inside has been repainted and new curtains and rugs purchased by the Club. The manager of the Swift picture shows donated twelve picture show seats which we greatly appreciate. We are proud of our club house and wish to thank Mr. Lamkin and Mr. Prude for making our club house possible. Each member is donating dishes, towels and cup towels for the kitchen and we hope to add an oil stove later on. This year instead of serving refreshments at our

meeting, each member donates one dollar to the club treasury, the day she is hostess. Each member pays five cents dues each meeting day and this with the refreshment fund, provides enough money to meet all club expenses.

Hoyte Club was the first club to entertain soldiers in the USO in Cameron. A box supper was given in the USO in 1942. Half of proceeds was given to the USO; the other half used to purchase a second hand piano which was placed in the USO to be used by the soldiers during the duration.

During 1942 Hoyte Club donated five dollars to the 4-H Club girls, five dollars to the Red Cross and did Red Cross sewing. Also made 1943 donation to the Red Cross and are at present doing Red Cross sewing.

Every club member has a 1943 garden. We want 1943 to be one of the greatest club years of all. One in which we shall all work hard to raise and can more food and do all the things that will help us to live our club prayer, which is as follows: "Help me O Lord, to live so that the world may be a little better because thou didst make me."

Mrs. James Elrod,
Rt. 3, Cameron, Texas.

Mrs. T. L. Randolph is in Calvert visiting her daughter, Mrs. C. E. Porter this week.

Louie Mitchell of Briary was in Cameron Monday.

ENJOYABLE TRIP

Mr. and Mrs. Theodore Henderson and little daughters, Theodore Ann and Daisy Western, accompanied by Misses Lora Anna, Esther and Edna Lee Peed visited in the W. H. Dodson and J. M. Dodson, Sr., homes in Waco Sunday, May 9th. They also attended the Baylor University graduation exercises at which Miss La Verne Dodson, sister of Mrs. Henderson and of Mrs. E. L. Peed of Hoyte received a Bachelor of Arts Degree and her Permanent High School Teaching Certificate. She is an active member of the Alpha Chi a National Scholarship Society.

Mrs. Henderson brought back to Cameron friends and relatives of Chester Dodson, son of Mr. and Mrs. W. H. Dodson, the good news that a radiogram was received from Chester May 9 stating that he is Australian and had come from a fox hole in Guadalcanal; has two decorations and at present is a Sergeant at a hospital somewhere in Australia. Chester barely eighteen years of age, a Senior at Belmeade, volunteered in the Marines late in the fall of 1942, joined the Commandos and soon afterwards was sent to the Solomon Island vicinity. His mother was formerly Miss Birdie McKinney of Maysfield.

Mrs. Dick Houston, after spending a few days here with her mother, Mrs. Emma Butts, has returned to her home in Houston.

BOMBINGS MAKE UP WAR FRONTS ACTION

Bombings made up the activity on the war fronts Friday.

The war department in Washington announced shortly before 1 p. m. that the American forces on Attu had moved in for the kill on the last remaining Jap pocket on the Island.

President Roosevelt and Winston Churchill, British Prime Minister, have concluded their talks in Washington. The people are none the wiser.

The Allied world was expected soon to express sympathy for the Axis nations. That is the fatalism which has always destroyed the deserving nations. Mr. Eden in British Parliament said Friday there will be no let up of the bombings of Germany and Italy. Bombings may be substitute action for failure to invade.

Bill Already is in Force Validating Last Check to Aged

Representative A. N. Green requested the Herald to say that the bill which he sponsored in the Legislature to validate the last check sent out to an aged person who died before the check could be indorsed is now in effect.

Checks received under such circumstances can now be cashed. They must be taken to the county judge. Before the law was amended checks sent out and which failed to reach the aged person before their death must be mailed back to the department. They can now be cashed and rightly so.

Mr. and Mrs. L. R. Ward and children of Buckholts were visitors in the Walter Senkel home of Jones Prairie Thursday.

Army Conserves Brass by Making Steel Cartridges

A newly developed method, which makes possible the substitution of steel for brass cases in caliber .45 ammunition, has been announced by the war department. The manufacturing process, perfected by the Evansville Ordnance plant working in conjunction with the army's Frankford arsenal, advances the army's program for conservation of critical materials another step. A changeover from brass to steel for all types of fixed and semi-fixed artillery ammunition was completed the first of this year.

The saving in brass by the new process amounts to 1,774 pounds for each 100,000 rounds of ammunition. The new cartridges with steel cases have been tested and accepted by the using services. Large-scale production is already under way. All plants making caliber .45 ammunition will adopt the steel cartridge case.

Eight months ago the Evansville plant was close to a shutdown because of the acute brass shortage. Brass, which expands with the explosion of the powder charge and then contracts, permitting the extraction of the cartridge, had been universally used. The successful substitution of steel, removing a serious limitation on ammunition production, was accomplished in six months. In the same period the Frankford arsenal perfected a steel copper plated jacket for the caliber .45 bullet which resulted in a saving of 780 pounds of gilding metal for each 100,000 rounds.

Coldframes Can Lengthen Growing Season of Plants

Coldframes, in which young plants are started or placed while it is still too cold for them in the open, can lengthen the growing season by a month to six weeks. Coldframes protect the plants from cold winds and frost and concentrate the sun's heat to provide favorable growing conditions.

Spinach, lettuce, tender crops such as tomatoes, and similar vegetables are started in coldframes, which also are used to "harden off" plants from hot beds. When the weather is suitable in the open, the plants are transplanted to their permanent locations.

A coldframe should be located on sheltered, well-drained ground on the south side of the house or garage or in a sunny corner of the garden plot. The coldframe itself consists of a framework of board from 12 to 16 inches in height at the back or north side and 6 to 10 inches at the front or south side.

Window sashes are placed on the top, or, as a substitute for glass, muslin may be stretched on frames for this purpose. Flats are placed in coldframes after the seedlings have started in a sunny window, or seedlings can be lifted from flats and transplanted into pots or into beds in the coldframes.

Maggots Foe of Beans

Seed corn maggots, or bean maggots, are an annual threat to the bean crop. The maggots attack the bean seeds as they sprout and destroy the first two leaves, leaving stems with the halves of the bean seed standing in the field, unable to grow. Two or more generations of the seed maggots are produced each spring so that the only safe time to plant beans is between generations of the small gray flies which lay the eggs that produce the bean maggots. This safe period for planting beans usually comes the second week in June, but as it is short, growers need to have a local test to determine the exact stage of the insects before they plant their beans.

Shipping Skyrockets

During the first year of our participation in the last war, approximately 1,725,000 measurement tons of army freight were shipped overseas, as compared with 10,474,928 measurement tons in the comparable period of the present war. The largest monthly total in the first-mentioned period was 470,446 tons, while in one month of 1942 the tonnage figure reached 1,554,127. These tonnages relate solely to United States army freight, and do not include any of the military supplies which have been furnished to our Allies.

Start of Walnut Vogue

Restoration was the period following the Cromwellian era—dated by the restoration of Charles II in 1660 and ending with the Bloodless Revolution in 1688. It includes the beginning of the vogue for walnut and marked a throwing off of all the Puritanical ideas introduced by Cromwell. Furniture during this period still retained its straight rectangular structure, but it was softened by carving, ornamental stretchers, spiral turning, curves and scrolls, crowns and crests, French and Flemish influences.

Novelist's Life Uneventful

Novelist Jane Austen (1775-1817) was born in Hampshire, England, the youngest of seven children in a clergyman's family. Her life was singularly uneventful. She was assiduous about her household duties and never permitted even her writing to interfere with her domestic chores. She never married. Her best known books are "Sense and Sensibility," "Pride and Prejudice," "Emma" and "Northanger Abbey."

OVER MILLION POUNDS METAL OBTAINED HERE

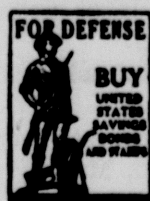

Unofficially, it was said here Monday that the scrap metal drive concluded May 29, in Milam county, had netted one million and one hundred thousand pounds.

It was also said that Milam county leads all counties in the 8th Corps Area.

In Lampassas county 577,415 pounds were obtained in two weeks; in Bell county 495,860 pounds and Falls county yielded 672,020 pounds in two weeks. The two weeks total in Milam was 999,910 or only 90 pounds short of the million mark.

Here is an interesting day by day scale report of the poundage in scrap metals gathered by the army here. This list was obtained by Chas. M. Hicks, county superintendent and brought to The Herald:

Monday, May 10, 1943	27,605
Tuesday, May 11	69,410
Wednesday, May 12	73,990
Thursday, May 13	83,005
Friday, May 14	86,500
Saturday, May 15	57,900
Monday, May 17	77,600
Tuesday, May 18	55,200
Wednesday, May 19	73,400
Thursday, May 20	67,200
Friday, May 21	58,800
Saturday, May 22	35,800
Monday, May 24	77,300

Total	999,910

Lt. Sam Oliver, Army Air Corps, and stationed at San Angelo, was in Cameron Sunday on his way back to the air field. He attended a birthday celebration in honor of his father in Buckholts. The other members of the family came up from Houston. Lt. Oliver is an instructor for cadet combat pilots at San Angelo.

Mrs. Kathryn O'Leary was operated on Monday in the Newton Memorial Hospital for appendicitis. She is doing splendidly. Mrs. O'Leary is the former Miss Mary Kathryn Lawrence and was married recently in Tyler to Mr. O'Leary, a Washington newspaperman.

Pfc. Carlton Burnett from Camp Odair, Oregon, has returned after a visit at Jones Prairie with his family. He has been transferred to Washington State.

Dave McLane Critically Ill In Hospital Here

Dave McLane, widely known citizen here and a brother of Robert McLane, is in the Newton Memorial Hospital, gravely ill.

A report at 3 p. m. Saturday indicated anxiety is felt for his recovery. Friends throughout the city were earnestly hopeful he might be restored.

He has been in the hospital for several days from the recurrence of an old illness.

CARD OF THANKS

We wish to express our thanks and sincere appreciation for the many kind deeds and words of sympathy, also for the flowers we received during our recent sorrow in the loss of our beloved father and grand father in fire. God bless each one of you.

Mrs. Ed Schiller and Family.
Mrs. Frank Spura and Family.
Frank Horak and Family.

C. F. Spiller had as guests this week his children, Mrs. R. A. Yaws and her daughter, Mrs. Carol Cowan of Houston; Mrs. I. C. Bell and Mrs. J. J. Bayard of Dallas. Mrs. Yaws was the former Hermillia Spiller, and Mrs. Bell the former Emily Spiller, and lived in Cameron from childhood. Mrs. Yaws has three sons in service; all of them in the Air Corp, one at Suffalls, S. D., one at Harlingen and one at Larado.

Mrs. J. H. Sapp has returned from Houston where she spent Mothers Day and sometime visiting her daughter, Mrs. A. T. Epperson. She reports that A. T. Epperson has been given a medical discharge from the United States Navy. He has been in the Naval Hospital at Norfolk, Va., for some time. He expects to reach his home in Houston about June 15. He spent some time at sea aboard the U. S. S. Broadbill.

Mr. and Mrs. Walter Senkel and daughter made a business trip to Temple Friday.

Miss Elmer Dell Kirk of Marlow spent the week end with Johnnie Ruth Mills of Cameron.

DAY BY DAY Things We Want To Say

To The Herald:

No doubt you receive letters every day from men in the armed forces asking for a place in your paper. I am in the armed forces, and I live in Cameron, so I have a small favor to ask. I hope you won't think it too much.

I have been in the army over three years, and I think I know the ropes pretty well, but we got in some new men recently, and as far as you and I are concerned they have a hard go of it, especially now that we are on maneuvers.

They really don't know how to make the best of a rest period, as they have guns to clean, take care of themselves, and to make the best of it the least way they can, so that puts me in a fix as far as that is concerned, because I have to stay with them, and none of us get to go to a nearby town, but we don't mind this at all, as we know it is our duty to give up a few good times to help keep America a free nation, but we do ask one thing of the people back home. Please send up something to read, while we have a few minutes to ourselves.

Sir, we men of the army don't get all of the breaks, and in a small town where a large number of men are stationed. There is hardly any thing we could buy if we went, so if it is possible for you to send us some papers and a few magazines, we will appreciate it very much.

Hatchery Notice!

Our Hatchery is now open for business. Bring us your custom Hatching eggs and your orders for baby chicks. Will take any amount.

Hornung Bros.
Cameron, Texas

The men of the 691st TD. Bn. wish you all the luck, from now until Victory, and we will do our part for a speedy V. . . —

Thanks ever so much.

Cpl. Robert I. Hayes
And men of Co. "A" 691st TD. Bn. P. S. This letter was written of our own free will.

Mrs. John Mills of Hanover visited in the city Wednesday.

Sister Ludmilla and Sister Stanislaw left Cameron Monday for Flaton where Sister Stanislaw's mother is critically ill. The Sisters teach the school at Marak both public and the St. Cyril-Methadious school and have just concluded the term with appropriate exercises and a very successful year. They are on their way to the Blessed Sacrament Academy in San Antonio to spend the summer and will return this fall to open the schools again at Marak.

Mr. and Mrs. J. C. Barrett of Cameron are the proud parents of a baby boy born at the Newton Memorial Hospital. A Cesarean section operation was performed by the attending Surgeon Dr. W. R. Newton. The baby weighed 4 pounds and is doing splendidly as is the mother and their friends are happy to know of the successful operation and congratulate them on the arrival of their son.

Mrs. Ray Burke, Jr., has returned to her former position, that of County Nurse at the Milam-Robertson counties Health Clinic.

Staff Sgt. Charles W. Manning of El Paso is expected home sometime this week.

Mr. and Mrs. Ernest Lorenz and daughter of Vogelsang Community were Cameron visitors Monday afternoon.

HOW TO

Get the Most OUT OF Your Electric REFRIGERATOR

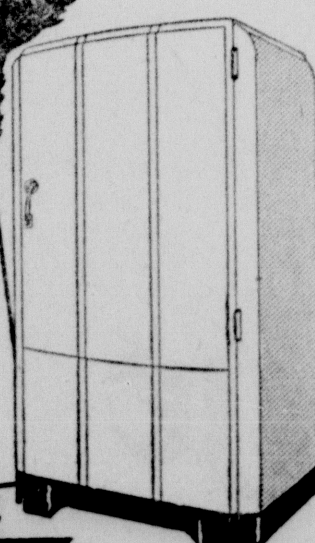

(THE HEART OF YOUR HOME)

SUMMER is here. Right now your Electric Refrigerator has more work to do . . . more important work than ever before because of Food Rationing.

AND, because it cannot be replaced for the duration, you'll want to give your Electric Refrigerator unusual care. Keep it in good working order . . . do the little things which will help it give you its best performance . . . call your repair man before any serious trouble develops.

SIMPLE SUGGESTIONS ABOUT THE CARE AND USE OF YOUR Electric REFRIGERATOR

1. Defrost before frost becomes more than 1/4 of an inch thick, and clean refrigerator thoroughly, using a soda and water solution.
2. Let hot dishes cool before placing them in refrigerator.
3. After freezing desserts or other foods, turn temperature control back about halfway to normal and hold until served.
4. Avoid unnecessary openings of refrigerator door, closing it quickly each time.
5. Protect rubber gasket around the door by always using door handle when opening refrigerator. Replace gasket when worn.
6. Wash off spilled foods and liquids immediately . . . both for the sake of cleanliness and to preserve the finish of your refrigerator.
7. Don't overload your refrigerator.
8. Cover all liquids. Moisture drawn to freezer speeds formation of frost.
9. Call your repair man if your refrigerator does not perform properly . . . do not delay.

TEXAS POWER & LIGHT COMPANY

That Extra Something!

...You can spot it every time.

GIRLS are in training, too . . . at universities, under the new pre-graduation program to fit them later for various auxiliaries of the Armed Forces. Ask them if they welcome a chance to pause and enjoy refreshment . . . the refreshment of ice-cold Coca-Cola. Who wouldn't?

Deliciousness in every drop. Refreshment in every sip. That's ice-cold Coca-Cola. Enjoy a Coke and you enjoy all the difference between something really refreshing and just something to drink.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing . . . "coming from a single source, and well known to the community".

After exercise, what could be more welcome than the pause that refreshes with ice-cold Coca-Cola.

The best
is always
the better buy!

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

COCA-COLA BOTTLING COMPANY, Cameron, Texas

Camp Hood Soldiers Rescue Aged Man From Burning Home

Two Camp Hood soldiers were considered by local citizens as deserving special commendation for an act of heroism here on the morning of May 29th when they rescued 80 year old John Horak from his burning home.

The men are Cpl. Arthur Browning and Pfc. Harvey who went into the burning home and brought out the aged man. Mr. Horak died three days later in a local hospital from burns sustained when an oil lamp near his bed exploded at 3 a. m.

Other Camp Hood men, stationed here with the scrap metal crew, and who were singled out for special praise for work at Horak home are Pvt. Leon Harms, Pvt. John G. Haraska, Pvt. Andrew Ahonen and Pvt. Kenneth Athy. These men helped remove furnishings from the home.

These men from Camp Hood not only have distinguished themselves for a service under severe circumstances but are members of a fine band of men who gathered up more than a million pounds of scrap metals in this county.

Tech Sgt. Balusek Arrives at Longview

Tech Sgt. Rudolph Balusek, wounded in the fighting in North Africa, has reached the army hospital in Longview.

In a letter to Emmett Streetman, Sgt. Balusek, tells of his trip home and also that he was shot in the right shoulder. He has had difficulty in regaining use of his right arm and hand but is slowly improving.

Friends here hoped he might be transferred to Temple. He was wounded on November 28 in North Africa and is the first Cameron boy to come back from North Africa.

Mrs. Yager and children of Clarkson were in Cameron on Monday.

King's Messenger

Returns to Horse

LONDON. — King George VI, sponsoring a save-gasoline campaign, has returned to the horse-and-buggy days.

A horse-drawn brougham, driven by a liveried coachman wearing a black cocked hat, now is used to carry the king's messengers bearing documents and communications.

U. S. Seizes 50,000 Nazi-Held Patents

American Manufacturers Given Use of Formulas to Aid War Effort.

WASHINGTON. — Axis assets in this country are:

1. Being used in the war effort against the Axis.
2. Being handled in such a way that the Axis never will get hold of them again.
3. The potentially richest—50,000 German-held patents—are to become permanent property of the American people, the government promises.

The haul in physical and real property runs into billions of dollars, according to the alien property custodian here in Washington.

In one operation, for instance, the United States is taking over and Americanizing such German assets as the American branches of the Nazi industrial colossus, I. G. Farbenindustrie Aktiengesellschaft, commonly known as I. G. Farben.

In the last war the Germans had world-wide monopolies on dyestuffs and other essentials through this and other organizations.

Then, as now, the United States took over the factories and patents and secret processes where they could be learned, but after the war, the Germans—intent on reconstructing their monopolies through an international cartel system—were allowed to buy up certain companies to which these assets had been turned over.

Won't Happen Again.

Uncle Sam says he doesn't intend to let that happen again.

Patents are being licensed to American manufacturers for the normal life of the patent, but there are no exclusive licenses.

The alien property custodian, Leo T. Crowley, further pledges that "We shall take all steps within our power to make certain that vested (seized) enemy patents are made available forever to American industry."

The United States has seized German-controlled companies which make such items as sulfa drugs, biologicals, dyes and photographic materials.

The navy now is operating an airplane factory in New Jersey seized from the Germans. Former German chemical companies are producing nitrates in New York state and borax and potash in California.

Seized Axis holdings vary from Japanese-owned grocery stores and fruit farms to the huge interests of Fritz von Opel of the German automobile manufacturing family. Von Opel's property included a brewery, a chain of service stations, a tank car company, and two holding corporations.

Confiscate 29 Axis Ships.

Atabrine, the quinine substitute, was German-controlled.

Then there were 29 Axis ships—28 Italian and one German—which we seized. We got no Japanese ships, but took over important stocks of silk, Japanese investments and bank deposits, and even a few Japanese patents. An entire steel mill for a specialized purpose, ready for shipment to Japan, was seized in this country.

The German patents, particularly, often represented the latest developments in their fields.

Many of these German patents involve secret operations, but there are others like a new type of steel concrete reinforcement with twisted metal, instead of our knobbed kind, together with a new process of pre-testing reinforced concrete. There are fuel injectors, and machine tools like the one that enables us to turn out faster the giant crankshafts for big marine Diesel engines.

The Japanese patents seized by our government run mostly to cheap processes of making electrical goods.

Firemen Raise Pigs in

Heart of City of London

LONDON.—On the site of a bombed-out shop in Berners street where the clergy used to buy their vestments, there live today 32 healthy, grunting pigs.

The explanation of this farm-yard in the heart of London is that the members of the Berners street fire station next door decided to help the food situation by raising a bit of bacon in their spare time. At least one of the firemen kept pigs for many years previously.

The pigsties were constructed out of bricks and timber from the bombed-out houses in the district and food was obtained by the firemen taking turns at touring the neighborhood canteens and hotels for scraps. There hasn't been any shortage yet—nor a shortage of pigs, either, for in 10 months the firemen have raised 50 to 60 porkers.

NEWS FROM MILANO

We are having plenty of rain soon the people will be wishing for sunshine. The rain has been very good to growing crops and gardens, also stock water.

The little daughter of Mrs. Dr. McBride was painfully hurt one day last week while playing at her grand mothers. She accidentally fell off the porch and struck a piece of steel in her side. She was rushed to Cameron Hospital where it was necessary to take four stitches, but at present she is improving nicely.

Milano tomatoes are beginning to ripen and are being shipped out by some farmers, while the crops are not so good, the tomatoes are bringing a good price.

A. M. Hill has returned to his home at Clovis New Mexico after a visit here with his sister, Mrs. Dan Robinson and other relatives at

Chrisman.

Mrs. Bell Morgan who was called to the bedside of her mother who was seriously ill in Jones county has returned home and said her mother was improving.

Mrs. T. E. Love has returned home after teaching a successful term of

school at Gay Hill in Burleson county.

Mrs. Jack Wilkerson and son Jack, have returned home from a pleasant visit in Louisiana with relatives.

Mrs. George Manley of Minerva spent a few days here with her sister Miss Kate and Alice Brennan.

A report from the Rice family was received that they have arrived safely in California. They said there is plenty of work at a high salary and that the state of California is beautiful and they like it fine.

Guests in the home of Mrs. Timmons are her children Mrs. Hugh Craig and daughter of Dallas, Mrs. Hershel Timmons and little son of Sherman.

Mrs. Bessie Porter went to Bryan Thursday to be with her son Nick Brennan before he left for the army. He left Tuesday and at the present is in California.

Mr. and Mrs. Robert Rogers and little son, Mrs. Gysell Burdick and Jewel Hooker spent the week end here in the home of their mother, Mrs. W. F. Hooker and brother Frank.

Mr. and Mrs. Bob James had for their guest last week their daughter from Dallas. She returned home Friday.

Mrs. Sam Devalle has returned home from California where she went to visit her son Lonnie who is stationed there with the army. She reported a very enjoyable trip and said Lonnie was pleased with army life.

Bill Senkel, Jr., was in Cameron Saturday afternoon.

Closing exercises were held by Mrs. J. E. Johnson for her kindergarten school Friday evening, on the lawn of her father's home, Bob McLane. Only parents of pupils and a few friends were present, to witness the Spring Day program, as was given by 20 pupils. Mrs. Johnson presents her pupils each year, and many who have seen her programs speak in high terms of her training.

Mrs. C. T. Bridgewater is doing nicely following a major operation in the Newton Memorial Hospital Thursday.

A child's laxative
your child should
LIKE

When your child needs a laxative give him one he will probably enjoy taking—pleasant tasting Syrup of Black-Draught. Given as directed, it is usually mild in action, yet effective. Follow Label Directions

yes, there IS a
difference

Good printing should cost no more than the poor kind. The same paper and the same ink and the same presses are used.

The DIFFERENCE is in the knowledge of the business. There is no substitute for experience. Good printing adds prestige to your business. The intelligent word must be printed intelligently.

We KNOW OUR BUSINESS.
